

	Braking valves - max pressure 350 - max flow 100 l / min
	Check valves, throttle valves and pilot operated check valves - No. 6.....32
	Cartridge valves - No. 4.....20
	Control blocks - different applications: for machine tools, for presses, for hydraulic lifts...
	Directional control valves (hand operated) - No. 6.....25
	Directional control valves (long-range control) - No. 4, 6
	Directional control valves (monoblock type) - No. 20, 25, 32
	Directional control valves (long-range control) - No. 4, 6
	Directional control valves (solenoid and hydraulically operated) - No. 4.....20

Directional control valves for tractors

Pressure relief and pressure reducing valves
- No. 4.....32
